### Image Suggestion (Hero Section Background / Main Banner):

Ek sundar, modern ghar ki chat (rooftop) jis par chamakte hue solar panels lage hon aur background mein halka sa sunrise ya sunset ka soft glow ho. Photo bilkul clean, bright aur professional honi chahiye.

## Humse Kyun Judein? (Why Choose Ayush Enterprises)

### Premium Quality

Government approved aur top-brand solar panels aur inverters jo saalon-saal bina kisi rukaawat ke chalte hain.

### Expert Installation

Train kiye gaye certified professionals dwara sabhi safety standards ko dhyan me rakhkar clean fitting.

### Subsidy Support

Government solar subsidy claims ko aasan banayein. Hamari team paperwork me aapki poori madad karegi.

### 25 Years Warranty

Lambe samay ka bharosa, lagatar customer support aur low maintenance guaranteed solar systems.

### Image Suggestion (Trust Building):

Ek professional solar installer/engineer safety helmet aur jacket pehne hue chat par panel install kar raha ho aur camera ki taraf dekh kar confident smile de raha ho.

## Hamare Solar Solutions (Our Services)

| Service           | Description                                                                                               | Visual Suggestion                                                                                                                              |
|-------------------|-----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Residential Solar | Apne ghar ki chat par solar lagwayein aur bijli ke bhaari-bharkam bill se hamesha ke liye azaadi paayein. |  Ek sundar family home ke upar modern solar panel design. |

| Service           | Description                                                                                                                    | Visual Suggestion                                                                                                                                            |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Commercial Solar  | Offices, schools, hospitals aur factories ke liye bade solar plants jo aapki running operational cost ko bahut kam karte hain. |  Kisi factory ya corporate building ke rooftop par lada bada solar array. |
| Solar Water Pumps | Hamare kisano ke liye dhoop se chalne wale automatic solar pumps jo kheti ko banayein aasan, sasti aur aatmanirbhar.           |  Khet mein paani nikalta hua solar pump aur khush-haal kisan.             |

## Solar Lagwana Ab Hai Aasan! (How It Works)

1

**Free Site Survey**

Hamari expert engineering team aapke ghar aakar chat ka space aur load requirements analyze karegi.

2

**Custom Design & Approval**

Aapke budget aur electricity usage ke mutabiq sabse behtareen custom solar layout aur subsidy plan ready kiya jayega.

3

**Quick & Safe Installation**

Kuch hi dino mein bina kisi pareshani ke aapka solar system set, connect aur active kar diya jayega.

## Hamari Kahani, Aankdon Ki Zubani
